## Format of Data Call

Good Morning

This email is being sent pursuant to NMSA 52-5-3 to request data to enable the New Mexico Workers' Compensation Administration (NMWCA) to evaluate the benefits structure and costs incurred under the Workers' Compensation Act. As background, in March of 2023, New Mexico House Memorial 83 was approved. It requires the NMWCA to convene a task force to study the impact and effect of attorney fees and attorney fee caps on the New Mexico workers' compensation system.

The NMWCA is collecting data to assist the task force in carrying out their assignment. This email is intended to gather data from your organization in pursuit of this goal. The Economic Research and Policy Bureau has worked with you in the past to acquire data for the Annual Expenditure Report, and we are reaching out to you as our existing contact in the hopes you are positioned to help us fulfill our data call. We are requesting data from all workers' compensation organizations you report data for on the Annual Expenditure Report.

Before continuing, please note that we are not familiar with your claims systems. We have done our best to formulate data requests that can be answered without placing an undue burden on your organization. That said, if responding to any of this data request will be unduly burdensome, please contact us and we can discuss changing the parameters of the data call to reduce the burden. With that in mind, we are requesting the following data:

**For each claim administered by your organization with a payment made between the years of 2013 and 2022, please include the following fields:**

1. Claimant First Name
2. Claimant Last Name
3. Date of Injury
4. Status of Case (Active vs. Inactive/Closed)
5. Claimant Social Security Number
6. Total Worker's Attorneys' Fees Paid
7. Total Employer's Attorneys' Fees Paid
8. Total payments made for each of the following categories:
  - i. TPD

- ii. TTD
- iii. PPD
- iv. PTD
- v. TPD Lump Sum
- vi. TTD Lump Sum
- vii. PPD Lump Sum
- viii. PTD Lump Sum
- ix. Death Benefits
- 9. Total Number of Weeks of Benefits Paid

10. The total discovery paid/advanced by the claim underwriter to the injured worker pursuant to NMSA 52-1-54 (C). The NMWCA is aware that this may be difficult to produce and is including this as an optional request only.

The return deadline for the data is July 21, 2023, but please contact me if additional time is needed. Thank you for your time and consideration, and once again please do not hesitate to reach out to us if you have any questions.

Best Regards,
