## HCP FEE SCHEDULE

### Anesthesia

The maximum allowable payment for the CPT code series 00100-01999 (which is specific to the field of anesthesia), shall be determined by including a monetary conversion factor of \$61.00.

<b>Monetary Conversion Factor</b>	x	<b>Base Unit Value</b>	=	<b>Maximum Allowable Payment</b>
\$61.00 per unit		Base Value + Time Units + Modifier		

The “base unit value” assigned to each procedure in the CPT code series 00100-01999 in the most current edition of the American Society of Anesthesiologists (ASA) Relative Value Guide® which has been adopted by the WCA Director in his annual order shall be used when billing for anesthesia services.

“Time units” shall be billed in minutes. Anesthesia services shall be reimbursed based on one unit equal to 15 minutes and shall be determined by dividing the total number of minutes by 15 and rounding to the nearest hundredth. In other words, a 2 hour and 13 minute service shall be converted to 133 minutes; divide the total minutes (133) by 15 which equal 8.87 units. Anesthesia services provided during a hospital inpatient surgery or procedure shall be reimbursed by applying the appropriate hospital ratio.

### Modifiers

**Physical Status:** The following six levels are consistent with the most current edition of the ASA Relative Value Guide’s® ranking of patient physical status. Physical status modifiers should be included in billing, as appropriate, and shall adhere to the coding and unit value assignments in the ASA Relative Value Guide® as adopted in the WCA Director’s annual order. Physical status modifiers are represented by the initial letter “P” followed by a single digit from 1 to 6 as defined below:

<i>Modifier</i>	<i>Descriptor</i>	<i>Base Unit Value</i>
P1	A normal healthy patient	0
P2	A patient with mild systemic disease	0
P3	A patient with severe systemic disease	1
P4	A patient with severe systemic disease that is a constant threat to life	2
P5	A moribund patient who is not expected to survive without the operation	3
P6	A declared brain-dead patient whose organs are being removed for donor purposes	0

**Qualifying Circumstances (more than one may be reported):** This section lists important qualifying circumstances that can have a significant impact on the character of the anesthetic service provided. These modifying units may be added to the base unit values.

<i>CPT Code</i>	<i>CPT Descriptor (list separately in addition to code for primary anesthesia procedure)</i>	<i>Base Unit Value</i>
99100	Anesthesia for patient of extreme age, younger than 1 year and older than 70	1
99116	Anesthesia complicated by utilization of total body hypothermia	5

<b>CPT Code</b>	<b>CPT Descriptor (list separately in addition to code for primary anesthesia procedure)</b>	<b>Base Unit Value</b>
99135	Anesthesia complicated by utilization of controlled hypotension	5
99140	Anesthesia complicated by emergency conditions (specify) (an emergency is defined as existing when delay in treatment of the patient would lead to a significant increase in the threat to life or body part)	2

[Relative Value Guide® is a registered trademark of the American Society of Anesthesiologists. © 2017 All rights reserved.]

Under certain circumstances, medical service and procedures need to be further modified. For other modifiers that may be used for Anesthesia, please refer to *Appendix A – Modifiers* found in the AMA’s *Current Procedural Terminology* as adopted in the WCA Director’s annual order.

Anesthesia services provided during a hospital inpatient surgery or procedure shall be reimbursed by applying the appropriate hospital ratio.

**Durable Medical Equipment (DME)**

DME purchases are reimbursed as follows:

$$\text{Provider's Invoice Cost} + 25\% + \text{Shipping \& Handling and NMGRT}$$

A copy of the invoice shall be provided either at the time of billing or upon the payer’s request. All supplies and materials provided by an HCP must be itemized.

Rental of DME shall not exceed 90 days unless it is determined by the payer to be more cost efficient to do so. Rental fees shall not exceed the cost of purchase as established in the formula above.

Rental fees paid for the first 30 days of rent may be applied against the purchase price. Subsequent rental fees may not be applied against the purchase price. The decision to purchase should be made within the first 30 days of rental.

DME provided during a hospital inpatient stay shall be reimbursed by applying the appropriate hospital ratio.

Reasonable and necessary prosthetic/orthotic training or adjusting is excluded from the cost of the DME and may be billed separately.

The DME shall be pre-authorized by the payer within 72 hours after receipt of all supporting documentation, except when the worker is hospitalized, the authorization must be given within 24 hours. If a worker is hospitalized and the request is made when the payer’s place of business is closed, such as on weekends and holidays, authorization shall be given by the close of business on the next business day. Authorization will be presumed if adjuster does not reply in the allotted timeframe.

**Evaluation and Management (E/M) Services**

New Mexico has a unique definition of “new patient” (see Definitions section.) The definition is also different from the one found in the CPT Code book. E/M services may not be prorated.

### Global Surgery

Global period days are available and shall be applied as appears on the CMS website based on the date of service: <http://www.cms.gov/>.

Payment for surgical procedures includes a standard global package which includes all necessary services normally furnished by a surgeon before, during and after a procedure. The HCP Fee Schedule includes the preoperative, intraoperative and postoperative services routinely performed by a surgeon. Physicians in the same group practice who are in the same specialty must bill and be paid as though they were a single physician. Preoperative and postoperative periods will differ based on the classification of the service as a major or minor surgery.

The preoperative period included in the global fee for *major surgery* is one day with a post-operative period of 90 days.

The preoperative period included in the global fee for *minor surgery* is the day of the procedure with a postoperative period of either zero or ten days depending on the procedure.

For endoscopic procedures (except procedures requiring an incision), there is no postoperative period.

### Hospitals

New hospitals shall be assigned an initial ratio of 0.67

All New Mexico rehabilitation hospitals, by February 1 of each calendar year, shall provide to the WCA the most recent full year filing of their HCFA/CMS 2552 G-2 worksheet prepared on behalf of the organization. Any worksheet specifically designated as proprietary and confidential in good faith shall be deemed confidential pursuant to Section 52-5-21 NMSA 1978 and the rules promulgated pursuant to that provision. Failure to comply may result in fines and

penalties. If a G-2 worksheet is not received by the WCA, the facility will be assigned a ratio equal to the median for all expenditures/revenue.

The hospital ratio shall be applied to all charges for compensable services provided during a hospital inpatient stay, including inpatient surgery or an emergency department visit with the exception of the following:

**Implants, Hardware & Instrumentation**

Implants, hardware and instrumentation implanted or installed during surgery, including those that take place in a hospital, shall be reimbursed as follows:

$$\text{HCP Invoice Cost} \times 1.25 + \text{Shipping \& Handling and NMGRT}$$

The HCP shall provide a copy of the invoice at the time of the billing or upon the payer’s request.

**Materials and Supplies**

Materials and supplies shall be itemized and billed using CPT Code 99070 and shall be reimbursed as follows:

$$\text{HCP Invoice Cost} + 25\% + \text{Shipping \& Handling and NMGRT}$$

The HCP shall provide a copy of the invoice at the time of the billing or upon the payer’s request

An HCP that uses a medication(s) during an in-office procedure shall bill and be reimbursed as per this section of the HCP Fee Schedule. Billing for this medication(s) shall include the National Drug Code (NDC) number.

Materials and Supplies provided during a hospital inpatient stay or emergency room visit shall be reimbursed based on the appropriate hospital ratio.

**Medical Cannabis**

Maximum quantity subject to reimbursement is 230 units (1 unit is approximately 1 gram dry weight equivalent) per calendar quarter (January-March, April-June, July-September, and October-December of the relevant year).

Reimbursement shall be made using the following conversion:

- 1 unit ≈ 200 mg THC (≈ 1 gram dry weight equivalent)
- Maximum Reimbursable Amount = \$12.02 per unit (i.e., per 1 gram dry weight equivalent)

Reimbursement of medical cannabis should be included in the carriers’ Annual Expenditure Report (AER) submission per WCA rules.

---

<b>Miscellaneous Fees</b>
---------------------------

**Copies**

No party may be charged for the initial copy of medical records at the time of billing. Parties may be charged for second and subsequent copies of any medical records.

No party may be charged for medical records submitted to the WCA's case management/utilization or peer review contractor for required information.

**Form Letter to Health Care Provider**

An HCP who completes the *Form Letter to Health Care Provider* shall bill using CPT code 99080 and shall be reimbursed the equivalent of CPT Code 99214 as found in the HCP Fee Schedule at the time of completion of the *Form Letter*.

**New Mexico Gross Receipts Tax (NMGRT)**

If NMGRT is included on a bill from an HCP, the payer is responsible for reimbursing the HCP for the appropriate gross receipts tax in addition to the HCP Fee Schedule payment.

Providers whose corporate tax status requires them to pay NMGRT shall bill in one of the following ways:

- On the billing form next to the "total charges," print or stamp "NMGRT Included" along with the appropriate tax rate percentage.
- Below the "total charges," add the NMGRT amount, listing the appropriate tax rate percentage. Add this amount to the "total charges" to determine the "total amount billed".

If NMGRT is not noted on the billing form, the bill would be paid either according to the HCP Fee Schedule or the billed amount, whichever is less.

**Radiographic Files**

Charges for copies of X-rays may be billed to the requestor by the X-ray facility following by-report (BR) procedures.

**Referrals and Consultations**

If an initial consultation was already completed by a provider and that same provider is now the referred provider and will manage all or part of the patient's care, only established E&M codes shall be used.

If a provider who has been requested to examine a patient assumes **immediate** responsibility for primary care of that patient, it shall be considered a referral and not a consultation. Only evaluation and management codes shall be used.

*For the first visit only*, a new patient code may be used.

Pharmacies and authorized HCPs must include patient identification and information. No specific form is required. Any bill that is submitted without an NDC number will be paid at the lowest AWP available for the month in which the drug(s) was dispensed.

An HCP that uses a medication(s) during an in-office procedure shall bill and be reimbursed following the **Materials and Supplies** section of this HCP Fee Schedule.

Pharmacy services provided during a hospital inpatient stay or emergency room visit shall be reimbursed by applying the appropriate hospital ratio.

**Compound Medications**

Compounding includes combining drug ingredients to meet specific patient medication needs.

Compound medications shall be reimbursed at the ingredient level, with each ingredient identified using the applicable NDC registered with the Food & Drug Administration (FDA), of the drug product and the corresponding quantity.

When dispensed by a licensed pharmacy, the formula for billing generic and brand name compound medications is as follows:

$$\text{\$ AWP} \quad \times \quad .90 \quad + \quad \text{\$5.00 dispensing fee}$$

When not dispensed by a licensed pharmacist, the formula for billing generic and brand name compound medications is as follows:

$$\text{\$ AWP} \quad \times \quad .90 \quad (\text{no dispensing fee included})$$

All bills submitted for compounded products must include the NDC number of the original manufacturer registered with the FDA or its authorized distributor's stock package used in the compounding process. The reimbursement allowed shall be based on the current published manufacturer's AWP of the ingredient(s), calculated on a per unit basis, as of the date of dispensing. A repackaged drug NDC number shall not be used and shall not be considered the original manufacturer's NDC number. If the original manufacturer's NDC number is not provided on the bill, then the reimbursement shall be based on the AWP of the lowest priced therapeutically-equivalent drug, calculated on a per unit basis.

Ingredients with no NDC number shall not be separately reimbursable. Payment shall be based upon the sum of the allowable fee for each ingredient plus a single dispensing fee per compound.

Compounded medications not dispensed by a licensed pharmacy:

- Shall not exceed a ten (10) day supply for a new prescription only;
- Shall not exceed the cost of a generic equivalent [see NMAC 11.4.7.9.C.(6)];

Any compounded medications dispensed and administered in excess of a 24 hour supply to a registered emergency room patient shall be paid according to the hospital ratio [see NMAC 11.4.7.9.B(1)].

Reimbursement is the lesser of the HCP Fee Schedule, Usual and Customary Fee or contract charges. No specific billing form is required.

Pharmacy services provided during a hospital inpatient stay or emergency room visit shall be reimbursed by applying the appropriate hospital ratio.

**Physical Therapy**

Physical therapy bills may include all codes which are reasonable and necessary for the evaluation and treatment of a worker in a single day. Physical therapy evaluation codes are appropriate. However, traditional evaluation and management (E/M) codes are not appropriate for this purpose.

All timed physical therapy CPT codes are paid individually regardless of the cumulative, total time spent. For timed CPT codes, a unit of time is attained when the mid-point has passed.

**Platelet Rich Plasma (PRP) Injection**

PRP injections shall be billed using CPT code 99199. This procedure includes image guidance, harvesting and preparation when performed. The appropriate reimbursement for the PRP procedure is \$850 plus applicable NMGR. T.

The required PRP kit is billed as a separate line item under Materials and Supplies and shall be reimbursed as such.

**Provider’s Report of Physical Ability**

The *Provider’s Report of Physical Ability* is available to all parties on the WCA agency website. The WCA encourages the primary treating HCP to complete the form following every visit with an injured worker.

Completion of the Provider’s Report of Physical Ability is included as part of the HCP’s service and shall not be billed as a separate line item.

**Service Component Modifiers for Hospitals, FASCs and Outpatient Services**

<p><b>RADIOLOGY</b> including nuclear medicine and diagnostic ultrasound (CPT 70010-79999)</p> <p>and</p> <p><b>PATHOLOGY/LABORATORY</b> (CPT 80047-89398)</p>	<p>Paid at rates equivalent to those set forth in the most current version of the HCP Fee Schedule. ## Urine Drug Testing

The following scenarios shall be considered medically necessary when conducting urine drug testing for chronic opioid therapy as shown on the ODG website:

- One **baseline** point-of-contact (POC) immunoassay urine drug test to determine if a patient has been exposed to opioids and other controlled substances **prior to initiating** chronic opioid therapy. There should be documentation of an addiction-screening test using a formal screening survey in the records prior to initiating treatment. If the POC urine drug test is appropriate, confirmatory lab testing is not required.
- Frequency of urine drug testing should be based on documented evidence of risk stratification including use of a testing instrument. An explanation of “low risk,” “moderate risk” and “high risk” of addiction/aberrant behavior is found on the ODG website under *Opioids, tools for risk stratification & monitoring* and *Opioids, screening tests for risk of addiction and misuse*.
- Patients at “low risk” of addiction/aberrant behavior should be tested within six months of initiation of therapy and on a yearly basis thereafter. There is no reason to perform confirmatory testing unless the test is inappropriate or there are unexpected results. If required, confirmatory testing should be for the questioned drugs only.
- Patients at “moderate risk” for addiction/aberrant behavior are recommended for POC screening two to three times per year with confirmatory testing for inappropriate or unexplained results. This includes patients undergoing prescribed opioid changes without success, patients with a stable addiction disorder, those patients in unstable and/or dysfunctional social situations and patients with comorbid psychiatric pathology.
- Patients at “high risk” of adverse outcomes may require testing as often as once per month. This category generally includes individuals with active substance abuse disorders.
- If a urine drug test is negative for the **prescribed scheduled drug**, confirmatory testing is strongly recommended for the questioned drug. If negative on confirmatory testing, the prescriber should indicate if there is a valid reason for the observed negative test or if the negative test suggests misuse or non-compliance. Additional monitoring is recommended including pill counts. Recommendations also include measures such as prescribing fewer pills and/or fewer refills.
- If a urine drug test is positive for a **non-prescribed scheduled drug or illicit drug**, lab confirmation is strongly recommended.
- Urine drug testing positive for illicit drugs places a patient in a “high risk” category.
- If unexpected results are found, documentation of the ensuing conversation, including patient’s explanation should be made.
- Documentation should make evident the reason(s) that confirmatory tests are required. This includes information about the actual classes of drugs requested for testing.

Urine drug testing may be included in services provided during an office visit but can be billed and paid separately using an applicable drug screen CPT code.

CPT codes 80305, 80306 and 80307 will be eligible for one (1) unit of reimbursement per date of service. CPT codes 80305 and/or 80306 will be eligible in the physician office setting. CPT code 80307 will be eligible for free-standing and hospital-based clinical laboratories only.

## BILLING INSTRUCTIONS

For services that are billed on Form CMS-1500, "WORKERS' COMPENSATION" or "WORK COMP" must be printed or stamped at the top of each billing form. If a subsequent billing (or a copy of the original bill) is sent for the same service(s), it must be labeled "TRACER" or "TRACER BILL."

The following forms, as adopted from CMS, are used to file New Mexico workers' compensation claims and must include patient identification and appropriate information. For each procedure billed, the appropriate CPT code and descriptor must be included, regardless of which form is used.

1) CMS-1500 (02/12)

2) CMS-1450/UB-04

FASCs are to bill for services using Form CMS-1500. In addition to FASCs, Form CMS-1500 is also used for all HCP professional fees whose reimbursement is calculated according to the HCP Fee Schedule.

Pharmaceutical billings do not require a specific form.

The WCA has revised the CPT-Coded HCP Fee Schedule to clarify payment for all CPT codes that have Technical and/or Professional Components. The HCP Fee Schedule shows the maximum allowable amount indicated for the technical or professional components. For those CPT codes with both a technical and professional component, there will be a 60/40 split based on the total.

The 60/40 rule also applies to diagnostic procedures even if they are not pathology/laboratory or radiology services. For those CPT codes that have only a technical or professional component, the technical portion will be reimbursed at 60 percent and the professional portion at 40 percent.
